TEACHER'S LICENSES.

A.—Teachers who have no license may obtain a license (good anywhere in Mississippi) by:

1. Completing the Certificate Course in the Normal College. This requires only a few terms for those with high school training. A five-year license.
2. Completing the special primary course in the Normal College. This license permits the holder to teach the primary grades through the fourth. Only those who have had the equivalent of fourteen units of high school work can take this course.

B—A teacher who holds a county or state license which has already expired (within preceding year) or which will expire during the next twelve months, may renew same for one year by taking a prescribed renewal course for six weeks. This renewal course may be taken in **any term during the session.**

SUMMARY OF EXPENSES

Matriculation fee (paid once per session)	$5.00
(Single term fee only $3.00)	
Board, including heat. light, water, service, hospital, physician laundry (based on last session)	175,50
Books, estimated	8.00
Total estimated expense for nine months	$188.50

This estimate covers entire expense for those taking only the regular teacher's course (certificate or diploma). For those who also take lessons in piano, violin, expression, shorthand, typewriting, there will be a tuition charge in addition to this estimate.

SCHOLARSHIPS

For several years the Delta & Pine Land Co. of Mississippi (general offices at Memphis, Tenn.), has given a cash scholarship of one hundred twenty-five dollars per session to a worthy young woman of Mississippi. The company makes the appointment to this scholarship, and sends the money direct to the Secretary of the Normal College to be placed to the credit of the appointee.

The same company also gives another scholarship in the nature of a loan, without interest, of one hundred twenty-five dollars for the session. The recipient of this loan is selected by the company. Application for these scholarships should be made direct to the company by addressing them at Memphis.

Several private citizens of the State have offered to give loan scholarships of $125 per year to worthy students selected by the president.

COURSES OF STUDY

In accordance with the law, the Board of Trustees of the Normal College, on the recommendation of the President and Faculty, has arranged the following courses of study:

1. A **Certificate Course**—covering three years (18 terms) above the common school grades.

*2. A **Professional Course**—covering the work of the Certificate Course and about 14 terms additional—a total of 150 credits.

***NOTE:—Students who were enrolled prior to close of session 1917-18 may graduate with only 122 credits, provided they complete the course not later than the close of the session 1920-21.**

OUTLINE OF CERTIFICATE COURSE.

An "hour" of work is the equivalent of five recitations per week for one term (six weeks). That is, 30 recitations. The successful completion of one hour's work gives one "credit."

The total number of hours for a certificate is 84.

Students enrolled prior to session of 1920-21 may finish certificate course with 60 credits, provided they do so not later than the close of that session.

A student will not be allowed to take more than twenty-five nor less than twenty recitations per week. (But circumstances may justify an exception to this rule, by special Faculty permission.)

It requires a double period of laboratory work to constitute a recitation in counting up work and credits. The work in Drawing, Manual Arts, Home Economics, and some work in other science is laboratory work.

An actual attendance of not less than TWO TERMS is required for the Certificate course.

The following subjects, with the number of hours indicated for each, are requirel for the Certificate course.
